## 2017-20 Plan Summary

### The Story

Describe the students and community and how the LEA serves them.

Led by principal Cynthia Nava and staffed by talented and energetic teachers, Alpha: Blanca Alvarado Middle School (BAMS) is a small, safe and tuition-free community school that serves students in grades 5-8.

Since receiving the renewal charter, BAMS has been authorized to grow and operate as a K-8 over the next few years. The school was named after Blanca Alvarado, a longtime public official, community leader and youth advocate in Santa Clara County. As the first in her family and community to assume public office, Blanca Alvarado's leadership provides great inspiration for our students — many of whom will be the first in their families to attend college and pave the way for their own families and communities.

The school's students are mostly Latino and low-income, and there is a strong parent community that provides support to the school, staff, and students.

### LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

Alpha Blanca Alvarado has continued to work hard on its goals and the associated actions and services in order to reach its annual measurable outcomes. The school is continuing with many of the goals listed in last year's LCAP to ensure we are consistent in our focus and can build on successes year over year.

However, based on parent feedback and input, for 2018-19, we added significant resources around actions and services around additional support for student behavior and culture, counseling services, English Language Learners support, and interventions for our most struggling learners.

## Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

## Greatest Progress

Alpha Blanca Alvarado showed significant progress around various aspects of its academic program. In particular, offering consistent professional development for teachers on a weekly basis allowed teachers to collaborate on content and data. In addition, individual coaching for each teachers continued to help support their development.

In addition, there were increased investments made in facilities and operations, which led to improvements around overall facilities, systems documentation, and compliance.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

## Greatest Needs

Alpha Blanca Alvarado's greatest need/area of growth continues to be around Goal 2 in supporting our English Language Learners. Given this, our priorities for 2018-19 have a heavy focus of providing additional time, resources, and personnel to support both EL learners, and struggling learners. In addition, we will provide additional counselors and student behavior/culture supports to better support socio-emotional needs and improve student culture.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

## Performance Gaps

No performance gaps as defined above.

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

## Increased or Improved Services

The vast majority of Alpha Blanca's population are ELs, low income, or foster youth, so our services for all students will address these subgroups. However, we will also specifically focus additional resources around supporting our EL learners.

## Budget Summary

# Annual Update

**LCAP Year Reviewed:** 2017-18

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

## Goal 1

All students will receive high quality instruction in Common Core and NGSS standards from highly qualified teachers in 21st Century classrooms at a safe, clean, welcoming facility.

**State and/or Local Priorities addressed by this goal:**

**State Priorities:** 1, 2, 6, 7

**Local Priorities:**

## Annual Measurable Outcomes

**Expected**

100% of core teachers will be appropriately assigned and will hold a valid CA Teaching Credential with appropriate English learner authorization as defined by the CA Commission on Teaching Credentialing.

**Actual**

100% of teachers are appropriately assigned, either through credential or permit. 87% have a teaching credential, 13% have teaching permits and are working towards credential.

## Expected

100% of pupils will have access to standards-aligned materials and additional instructional materials.

The school will maintain or increase course offerings.

100% of teachers will receive CCSS and NGSS professional development.

School leaders rate the facilities as “excellent” on 90% of inspections.

## Actual

100% of students have access to standards-aligned materials through the foundational curriculum of EngageNY for ELA and Eureka Math for Mathematics. All full time classroom teachers are also allotted a classroom supplies budget for additional instructional materials that students may need

The school maintained course offerings this year

Professional development, based on CCSS, was provided to all teachers on Thursday afternoons (our minimum days). Additionally, some teachers received opportunities to attend external PD on these topics. All instructional coaches attended CCSS aligned professional development including "Reading Reconsidered: A Practical Guide to Rigorous Literacy Instruction", Eureka Math, and Relay Instructional Leader Training. The information was then presented to teachers in weekly PD. Coaches also worked with teachers weekly to improve their knowledge and ability to backwards plan.

We instituted quarterly operations and facilities walkthroughs this year. On the facilities walkthrough rubric, a standard was an average of >3.0 (out of 5). BAMS averaged a 3.16 for the year. In addition, we gave an operations survey in the middle and end of the year. On the middle of year survey, operations was rated at least 82% or higher as either very effective or effective within operations.

## Actions/Services

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Alpha Blanca Alvarado has been successful in 2018-19 around achieving the Annual Measurable Outcomes through the described actions and services. In particular, a significant investment in time and resources were put into purchasing and implementing CCSS aligned curriculum, teacher professional development, and operations/facilities improvements.

These investments led to strong results with the AMOs related to these measures. An area of work that will inform our 2018-19 actions is around increasing the proportion of teachers with clear credentials.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions/services to achieve the goal were effective in helping us achieve our AMOs. However, we are continuing to work on our talent/recruiting processes to ensure that our credentialed teachers are high quality.

While external factors are at play which brings challenges, we are continuing to invest in avenues of credentialing and teacher certification support in order to ensure we have high quality teachers serving our students.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

We made the expected investments in most areas. However, the two areas we saw a material increase in estimated actual expenditures were additional textbooks/curriculum/instructional materials, and the addition of network office operations support.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and

analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Through our school site council and parent feedback, as well as identified needs based on site assessment, we will add an action/service around additional remediation, counseling, and behavioral intervention support through additional network and school staff in these areas.

# Goal 2

All students will make significant growth toward mastery of the Common Core State Standards in English Language Arts and Math; EL students will demonstrate growth in meeting EL standards.

## State and/or Local Priorities addressed by this goal:

**State Priorities:** 2, 4

**Local Priorities:**

# Annual Measurable Outcomes

## Expected

50% of students demonstrate at least one year of growth towards grade-level proficiency in the areas of language arts and math on NWEA MAP.

50% of EL students will demonstrate increases in proficiency on NWEA MAP, demonstrating gains in academic content.

40% of EL students will advance one level in language proficiency on the CELDT after completing sixth and seventh grade at the school.

### Action 3

#### Planned Actions/Services

EL students participate in English Language Arts/Literacy instruction with targeted instructional support.

#### Actual Actions/Services

Alpha primarily meets the needs of its EL students through an inclusion model in which all students are instructed in English by teachers who are specially trained in methods and strategies that promote rapid acquisition of English as well as academic knowledge in core subjects. This year, teachers received training and professional development best practice strategies effective with ELs and struggling readers.

Teachers will closely monitor progress of EL students, providing support to accelerate academic achievement through the use of regular data analysis cycles.

The ELPAC is given as an annual assessment for English Learners. The ELPAC is used to identify students who are limited English proficient, determine the level of English language proficiency of students who are limited English proficient, and assess the progress of limited English proficient students in acquiring the skills of listening, speaking, reading, and writing in English. We also use MAP testing to monitor the progress of EL students. Alpha staff meets with the English Learner's family to discuss and determine reclassification in the Spring.

Implement COST process to address academic issues.

In order to best support our struggling students, Alpha has implemented a COST (SST) process. This process is run by an interdisciplinary team of professionals, parents, and the student, and is responsible for designing and tracking individualized intervention plans. During each meeting, the team identifies primary concerns, designs interventions to support those concerns, and creates a goal by which to measure student process. The SST process runs in 6 week cycles, with the team meeting to review progress at the end of every cycle. The SST process serves as a Tier 3 intervention, as well as a precursor to a Special Education Evaluation.

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

All of the actions and services were performed and helped the school move towards the goal.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions and services were effective in helping us reach our AMOs. The effective use of PD, teacher observation and feedback cycles, and use of data meetings to support academic learning were most impactful. Next year, we will focus on incorporating a intervention/reach block into our schedule in order to have focused time with struggling learners and ELs.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The expected investments were made across the actions and services. Some of the actions/services overlapped in terms of resources, which is why they show up as "n/a".

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Through feedback from our SSC and parent feedback, we will adjust our 201819 LCAP actions to include additional support through full time learning coaches, as well as incorporating a school-wide "Reach" block for all learners, which will allow us to focus on EL and struggling learners. Additionally, our overall strategy around student support will be led by a new FTE: Director of Student Supports.

# Goal 3

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The school implemented the actions and services listed. In particular, the most impactful actions and services were around developing parent leadership through the school site council, having more consistent parent meetings and training, and additional school wide cultural events. The areas we can be more effective in is our processes around curbing student absences and sharing more opportunities for parent volunteerism.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Overall, the school is on track with the actions and services and will continue to be more effective in subsequent years. Our ability to improve attendance and parent engagement will be more effective as we focus our efforts for community meetings and parent trainings; and have more effective processes for follow up around student absences.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The school has spent the expected amount as compared to what was originally budgeted. In counseling services for this past year, a smaller proportion of a shared counselor deployed by the CMO was devoted to Blanca Alvarado. In 2018-19, Blanca Alvarado will have its own dedicated counselor.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Based on SSC and parent meetings, we will invest resources more heavily in a few areas: additional counseling options for our general education students and student culture and behavior support.

# Stakeholder Engagement

LCAP Year: 2018-19

## Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

The LEA consulted various stakeholders throughout the LCAP planning process, including parents and families, school site council, the parent center, staff, school leaders, network team, and the community. This happened in a variety of ways including our parent community meetings, the annual survey, SSC meetings, and through our ongoing conversation and engagement with families. Our process began in January with getting input and feedback from SSC and during parent association meetings, and continued up until board approval in late June.

## Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

Engaging the SSC and parent community for input and feedback was a critical part of the process. Specifically, greater investments in EL and struggling learners, through additional specialized FTE and a modified school schedule for intervention/differentiated small group time was a response to input and feedback. In addition, dedicated counselors for general education students at each campus was another outcome of a focus area of input from families.

# Demonstration of Increased or Improved Services for Unduplicated Pupils

## LCAP Year: 2017-18

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

\$1,009,044

37.28%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds.

At BAMS, most students are low income, English Learners, or foster youth so any improvement in services for all students directly impacts these subgroups. Many of the actions and services listed in the plan last year will see an increased investment of resources in year two of implementation. In the areas where the school was not able to execute effectively, there is a focused effort to ensure that goals are met and actions and services are well executed upon. Additionally there are some new actions and services that will directly support students in these subgroups, such as increased access to counseling services and focused support efforts by teacher residents and learning coaches. Taken altogether, services should improve by at least 37.28%.

## LCAP Year: 2018-19

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

\$750,887

35.00%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds.

At Blanca Alvarado, most students are low income, English Learners, or foster youth so any improvement in services for all students directly impacts these subgroups.

While many of the actions will continue the work of previous years, there was an increase in investment towards counseling, EL support, struggling learner intervention, learning coaches, and culture/behavior support.
