- CAHS Data Presentation

- Introduction to NWEA MAP testing and the purpose of it. It is to measure student growth.
 - 25% to 36% of improvement in Math. This shows more than a year of growth.
 - 42% to 66% of improvement in ELA. This also shows more than a year of growth.
 - CAHS received an award at the beginning of the year for this great growth!
 - This year we want to set the same standard of growth to ensure we are teaching to the best of our abilities for our students. We also want this to be true when our charter renewal year begins during 2027-2028.
 - Over the next couple weeks, Ms. Darci will cover testing with our teachers.
- Attendance throughout the last 4 school years was presented. ADA has improved month to month. As the school year progresses we will continue to present updates of improvement or decline of attendance.
- Bylaws and SSC Manual
 - These items have been shared. As members, all should have access to these manual.
- Action Item
 - Parent & Family Engagement Policy SSC Annual Approval
 - This has been shared with members.
 - It covers how CAHS communicates with families, including translation, Deanslist, Infinite Campus, etc.
 - How CAHS supports students with learning differences.
 - How we use Title I funds through Parent English classes, additional support for English Learners.
 - Ms. Cory has motioned to approve the policy.
 - Ms. Soledad and Ms. Sandoval has second the motion.
 - All members have agreed. Ms. Malia has abstained. Final decision - APPROVED.
- Yondr Bag Feedback and Input
 - After 8 weeks of this procedure, what is the feedback that we can bring.
 - Parents feedback:
 - Sunny Sandoval - Good but frustrating for the students.
 - Soledad Quiroz - Her student at first complained but over time has adjusted.
 - Teacher feedback:
 - Dr. Taa - Students have used it properly but some students have multiple phones.
 - Ms. Malia - A majority of students state that they don't have their phone but it seems the students aren't being honest.
 - Mr. Hoopes - SLT can search students for a student's phone.

- Mr. Hoopes - What are things that we can do to make this more efficient when students don't have phone are being honest?
 - Ms. Malia suggested a written note to confirm that the student does not have their phone.
 - Ms. BW - It is successful! Classroom participation has improved from previous years. Something that should be restamped is reminding students to remove smartwatches and airpods. Ms. BW has felt supported by Campus Supervisors, Office Staff, and SLT in regards to removing items that they shouldn't have.
 - Ms. Cory - She has also noticed that there are more strategies happening to improve those that say they don't have their phones such as signing that they don't have their phone.
- Staff Turnover
 - Our CEO came in today to speak to our staff about staff turnover. At the beginning we were fully staffed but unfortunately a few of our staff have left for various reasons. Our SLT has been in multiple interviews to ensure we hire and maintain the right people in our classrooms.
 - Ms. BW - How does ANT support in this area? Students have mentioned how frustrating it is to not have stability in our classrooms.
 - Mr. Hoopes - The Talent Team continues to search for the best candidates. SLT continues to participate in interviews in a timely manner to ensure candidates go through the process quickly.
- ESUHSD Visit on November 2nd
 - This is to ensure we are providing proper procurement, facilities, and teachers on our campus.
 - Any feedback that is provided for us will come up during our charter renewal.
- SSC Goals
 - Parent Involvement - October Festival
 - Can the council run a booth during this festival?
 - Dunk a Teacher
 - Corn Hole
 - Watermelon eating contest
 - Costume contest
 - Craft Table - Pumpkin Decor
 - Photo Booth
 - **Class-a-Treat** *The council has agreed on trying this.*
